This year's Color of the Year is powerful and empowering. It is a new, animated red that revels in pure joy, encouraging experimentation and self-expression without restraint; an electrifying and a boundaryless shade that is manifesting as a stand-out statement. **PANTONE 18-1750 Viva Magenta** welcomes anyone and everyone with the same verve for life and rebellious spirit. It is a color that is audacious, full of wit and inclusive of all.  *—Leatrice Eiseman, executive director, Pantone Color Institute*
